Anyone who has ever been in a classroom where the teacher's presentation was lifeless, static, and without vocal variety can appreciate the commonsense value of the affective side of teaching. However, unlike the other behaviours, affect cannot be captured in transcripts of teaching or by classroom interaction instruments. Narrowly focussed research instruments often miss a teacher's affective nature, which emerges from a more holistic view of the classroom. This affective nature is the foundation on which one can build a warm and nurturing relationship with his or her learners. What the instruments miss, the students see clearly. Students are good perceivers of the emotions and intentions underlying a teacher's actions, and they often respond accordingly. A teacher who is excited about the subject being taught and shows it by facial expressions, voice inflection, gesture and movement - thus communicating respect and caring for the learner - is more likely to hold the attention of students and motivate them to higher levels of achievement than one who does not exhibit these behaviours. Students take their cues from these affective signs and lower or heighten their engagement with the lesson accordingly. Enthusiasm is an important aspect of a teacher's affect. Enthusiasm is the teacher's vigour, power, involvement, excitement, and interest during a classroom presentation and willingness to share this emotion with learners, who will want to respond in kind.

अनुच्छेद को पढ़िए और प्रश्न 46 से 50 के उत्तर दीजिए

कोई भी, यदि किसी ऐसी कक्षा में रहा हो, जहां अध्यापक की प्रस्तुति निष्प्राण, स्थिर और वाचिक वैविध्य के बिना हो, वह शिक्षण के भावात्मक पक्ष की आम समझ की सराहना करेगा। तथापि, अन्य व्यवहारों के विपरीत भाव को शिक्षण के प्रतिलेखों या कक्षागत अन्तर्क्रिया के उपकरणों से उकेरा नहीं जा सकता। संकुचित दृष्टिकोण केन्द्रित शोध विधा प्रायः शिक्षक की भावात्मक प्रकृति की अनदेखी करते हैं, जो कक्षा के बारे में अधिक समग्र दृष्टिकोण से उभरता है। यह भावात्मक प्रकृति, वह नींव है, जिस पर अपने अधिगमकर्ताओं के साथ रागात्मक एवं पोषक संबंध का निर्माण किया जा सकता है। जो साधनों में अनुपलब्ध होता है, विद्यार्थी उसे स्पष्ट रूप से देख सकते हैं। विद्यार्थी, अध्यापकों के कृत्यों को रेखांकित करने वाले संवेगों और आशयों के अच्छे आग्राहक होते हैं और वे प्रायः तदनुसार प्रतिक्रिया भी करते हैं। कोई अध्यापक जो पढ़ाए जा रहे विषय को लेकर उत्साहित होता है और वह इसे अपनी मुखकेन्द्रित भाव-भंगिमाओं, वाणी उतार-चढ़ाव और प्रवृत्ति द्वारा प्रदर्शित करता है - और इस प्रकार अधिगमकर्ता हेतु सम्मान और चिन्ता संप्रेषित करता है और उन्हें इन व्यवहारों को प्रदर्शित न करने वालों की तुलना में उपलब्धि के उच्चतर स्तरों के लिए प्रोत्साहित करता है, ऐसी दशा में विद्यार्थियों का अधिक ध्यान आकर्षित होने की संभावना भी रहेगी। विद्यार्थी इन भावात्मक संकेतों का अनुसरण करते हैं और तदनुसार पाठ के साथ अपने विनियोजन को निम्न या उच्च कर सकते हैं। अध्यापक के भाव का एक महत्वपूर्ण पहलू उत्साह है। उत्साह, कक्षा प्रस्तुति के दौरान अध्यापक का जोश, ऊर्जा, आवेष्टन, मनोबल और रुचि तथा अधिगमकर्ताओं के साथ इस संवेग को साझा करने की इच्छा है, जिसमें विद्यार्थी समान प्रतिक्रिया देंगे।

Read the following poem and answer the questions :

### HOME IS SO SAD

Home is so sad. It stays as it was left, Shaped to the comfort of the last to go  
As if to win them back. Instead, bereft of anyone to please, it withers so, Having no heart to put aside the theft.

And turn again to what is started as, A joyous shot at how things ought to be, Long fallen wide.  
You can see how it was : Look at the pictures and the cutlery. The music in the piano stool. That Vase.

Read the following poem and answer the questions :

### HOME IS SO SAD

Home is so sad. It stays as it was left, Shaped to the comfort of the last to go As if to win them back. Instead, bereft of anyone to please, it withers so, Having no heart to put aside the theft.

And turn again to what is started as, A joyous shot at how things ought to be, Long fallen wide. You can see how it was : Look at the pictures and the cutlery. The music in the piano stool. That Vase.

Read the following passage and answer the questions :

Lying is an accursed vice. It is only our words which bind us together and make us human. If we realized the horror and weight of lying, we would see that it is more worthy of the stake than other crimes. I find that people normally waste time quite inappropriately punishing children for innocent misdemeanours formenting them for thoughtless actions which lead nowhere and leave no trace. It seems to me that the only faults which we should vigorously attack as soon as they arise and start to develop are lying and, a little below that, stubbornness. Those faults grow up with the children. Once let the tongue acquire the habit of lying and it is astonishing how impossible it is to make it give it up. That is why some otherwise decent men are object slaven to it. One of my tailors is a good enough fellow, but I have never heard him once speak the truth, not even when it would help him, if he did so.
